The total cost including the formation of roads & drains is estimated at Rs 13,300/
The scheme is said to be a self supporting one. The money required in this behalf would be got deposited from the purchasers of sites, who are living at present in the huts near the Jewell filter and who have to be provided for elsewhere. A model cattle shed is proposed to be built at a cost of Rs 6000/, which would be met out of M. funds and it is said that there would be a proper return on the investment.

How much & what would be the return on the capital spent is not definitely stated. It is not also stated how many sites - & of what ~~sites~~ dimensions etc - would be formed out of the five acres proposed to be acquired. Generally the cost of acqn per acre in these extensions would be in the neighbourhood of Rs 2000/-.

The proposal is for orders.

Requests sanction to the acqn of 98.7 acres of land in Jakkasandra, Ranganathapura & Vyalikaval Villages for laying out an extension.

From the Records, it is seen that the scheme for the laying out of further extension has not been placed before the City Impt Committee and their opinion obtained.

It is stated that the cost of acqn is estimated to be Rs 68,413/- but it is likely that the cost may go high as the lands proposed to be acquired contain garden lands. It may be roughly estimated that it may go above Rs one lakhs

SIR,

I have the honour to state that the question of housing the people living in the huts near the Jewell Filters was under consideration for a long time and proposals were placed before the Municipal Council for the formation of sites in the limits of Ranganathpur village to the East of the Casaurina tope, Malleswaram at a cost of Rs. 13,300/- as per details noted below:-

1.	Cost of acquiring 5 acres of land at Rs. 1,000/- per acre inclusive of 15% statutory allowance	...	Rs. 5,700/-
2.	Formation of roads.		Rs. 3,800/-
3.	Drains on either sides of roads		Rs. 3,800/-
		Total.	Rs. 13,300/-

It has also been proposed to construct a cattle shed at a cost of Rs. 6,000/-. The Municipal Council in their meeting held on 13th May 1939 have sanctioned the above-mentioned proposals. A copy of their resolution is herein enclosed for reference. The sites will be sold at Re. 1-4-0 to Re. 1-8-0 per square yard and they are capable of paying it and are also willing to deposit the money in advance. It would be a self-supporting scheme. The model cattle-shed will be built from municipal funds and there would be a proper return on the investment.

SIR,

With reference to your letter No. L. 2539/Ml. 139-39-2 - dated 2nd September 1939 regarding the formation of sites in the limits of Rangenathapur village for the people living in huts - near Jewel filters etc., I have the honour to forward herewith a copy of the layout plan of this area, showing the proposed cattle shed and the sites marked on them. As per Municipal Engineer's report, the total number of sites will be 90 of - dimensions varying from 25 X 40 to 30 X 40 feet. The area to be acquired is 5 acres. Out of this, an extent of 2 acres 8 guntas is required for road and 18 guntas for the construction of cattle shed as most of them live by selling milk. The rest namely 2 acres and 12 guntas are available for formation of sites. The total cost of the scheme including cost of acquisition and allowing only second class road and good surface and drainage arrangement will be Rs. 13,300/- as already reported and the value per Sq. Yard will be Rs.1-3-0 ~~per Sq. Yard~~. A rate of Rs. 1-4-0 to 1-8-0 per Sq. Yard, is recommended taking into consideration the fluctuation in the acquisition cost. The acquisition charges may not go up to Rs. 2000/- per acre, as these are dry lands and not garden - lands. ~~xx~~ A rate of Rs. 1500/- per acre is reasonable.

Further the roads etc., will be laid out as cheaply as

as possible in accordance with the instructions of Government - conveyed in your letter No. L. 1765/Ml. dated 14th August 1939.

The entire cost of the scheme will be realised by the sale of sites leaving a small return to the Municipality.

In this connection, I beg to state that preliminary notificati (No. L. 2188- Ml. 119-39-29 dated 28-8-1939) has been published by Government in the Gazette (Copy enclosed.)

His Highness the Maharaja of Mysore,
Law Department, Bangalore.

Sir,

Subject:- Housing the houseless poor people in the City.

--:--

I have the honor to invite your kind reference to your letter No. L. 3353/Ml. 139-39-4 dated 28-9-39 sanctioning the acquisition of five acres of land situated in Ranganathapur village and a layout of 90 sites at a total cost of Rs. 13,300/- for housing the occupants of sheds near the Jewell Filers in Malleswaram and to state that in order to meet the demand for sites from the menial staff of the secretariat and other offices and poorer and middle classes generally, a further and larger layout of 98.7 acres in the same area of Jakkasandra, Ranganatapur and Vyalikaval villages, which lie between Malleswaram and ~~place~~ Palace guttahalli has been formed, a plan of which is herewith enclosed for favour of kind perusal.

The Municipal Council at their meeting held on 10-10-38 have approved of the note of the President and on 11-3-39 the proposal for acquiring the properties between Malleswaram and Palace Guttahalli has been approved by them. Details have been since worked out and a scheme prepared. (A copy of Municipal Engineer's note is enclosed for reference). Copies of their resolutions in this behalf are also herein enclosed for reference.

P. T. O.

The layout for which sanction is now sought comprises 1104 (corrected by hand to 1107) sites of the following dimensions.

60 x 90	= 17
50 x 75	11
40 x 70	11
30 x 45	890
20 x 30	178
Total..	1107

The cost of the sites including the price to be paid for the lands, formation of roads, drains and water-mains, estimated at 1-5-4 per sq. yard. The Council have resolved to call for deposits at Rs.1-4-0 per sq. yard in the first instance and notify that the cost will be about Rs.1-8-0 per sq. yard, the difference being collected before the sites are handed over. It will be thus a self-supporting scheme, without entailing any outlay by the Municipality either in the beginning or at the end. There are many purchasers who are willing to deposit the site value. The cost of acquisition will be met out of the deposits that are expected from the intending purchasers.

In order to expedite the early disposal of sites, it is considered necessary to take possession of these agricultural lands under section 17 of the Land Acquisition Act. Draft ~~proposal~~ preliminary notification under section 4(1) and 6 of the Land Acquisition Act are herewith submitted for favour of early publication in the Mysore Gazette.

I request that sanction of Government may be kindly obtained for working out the self-supporting scheme.

I have the honor to be,

Memo

A scheme for housing the houseless poor people is engaging the serious attention of many responsible people. The Municipal have already done much to reduce the inconvenience in the city to a great extent, and yet a great deal remains to be done -- especially as the building sites when sold by auction will not be within the reach of poor people and also those belonging to the lower middle class.

With a view to help such people to own a house it is necessary and desirable that building sites are to be granted at a reasonable upset price having in view the cost and amenities to be provided by the Municipality. There is no necessity of providing underground drainage and tar road which should necessarily raise the selling value of the site. It is sufficient if metal roads and surface drains are constructed and provision for water and light is thought of.

The sites to be formed may be of two different dimensions one is 30' x 45' and the other 40' x 60'.

The idea is to provide such a convenience somewhere and prefereably in continuation of one of the existing extensions. Venkatarangapuram near Guttahalli is one such extension formed for the same purpose and in continuation of that there is land on a high altitude towards west. Either this or some land on the -- Malleswaram Guttahalli road may be selected. About 1000 sites of the dimensions proposed may be formed.

The cost of acquisition and lay-out may work out to about Re 1-8-0 per Sq. yd of building site. We may proposed to sell the sites at about Re 1-8-0 per Sq. yd within 6 months to one year after the period of deposit. To put the scheme into effect immediately money is required. I believe that the money may be got by inviting houseless poor people to deposit at the rate of Re 1/ per Sq. yard for either of the sites may be required as earnest money which will be adjusted when site granted. Such deposit will not carry any obligation if for some reason no site is granted to any applicant. The choice and allocation may be decided by priority of application with deposit.

The Commissioner and the Municipal Engineer are consulted and they also feel that the scheme is workable. If the Council accord sanction, the details with estimates may be worked up for sanction of Government.

Additional Subject No.5 -

The President read the following Note on the Scheme for housing the houseless poor, and said that the question of taking it up may be considered by the House.

" A Scheme for housing the houseless poor people is engaging the serious attention of many responsible people The Municipality have already done much to reduce the inconvenience in the City to a great extent, but yet a great deal remains to be done, especially as the building sites when sold by auction will not be within the reach of poor people and also those belonging to the lower middle class

money which will be adjusted when site is granted Such deposit will not carry any obligation if for some reason no site is granted to any applicant. The choice and allocation may be decided by priority of application with deposit.

The Commissioner and the Municipal Engineer are consulted and they also feel that the Scheme is workable If the Council accord sanction, the details with estimates may be worked up for sanction of Government'.

Mr. C.N. Narasinga Rao speaking on the subject said, that the Scheme proposed was a very good one and that the Municipality was doing a great good to the rate-payers by sponsoring the Scheme and suggested that the under-ground drainage should also be given to the area. He proposed that this Scheme of the President be accepted by the Council and further action taken in the matter

Mr. B.L. Byanna supporting the Scheme observed that instead of having only two sizes of sites, four sizes may be introduced as was suggested by Mr. P.H. Krishna Rao, and that the rate be reduced from Rs.1-8-0 to Re.1-0-0 as the rate of Rs.1-8-0 would be very high to the poor people to pay

Mr. K. Shamaraja Iyengar speaking next observed that only one locality in Malleswaram was mentioned in the Note for this purpose and suggested that other places like Sunkenahalli etc , may be selected for forming similar colonies

Mr. W.H.Hanumanthappa supporting the Scheme said that it would be better if the Municipality takes a cash credit loan from the Mysore Bank for this purpose, in which case the middlemen charges etc., could be avoided He also suggested that model houses may be built and given to the poor in these places

Messrs. R Venkataswami, I.K. Purushothama Naidu, Dr Royan, P M. Ramasarma all spoke supporting the Scheme and suggested that houses should be built according to the plan of the Municipality and that a time limit should be insisted upon, in the deeds that the grantees should not alienate the sites within that period

Mr. S.K. Venkataranga Iyengar supporting the proposal moved that 'this Council generally approves of the Note of the President and requests the Executive to place concrete proposals, at an early,

(Cond.)

early date, in furtherance of the points contained in the Note.' While moving this proposition, he said that no sanction of Government is necessary for this Scheme under Sec. 43 of the Municipal Act, that it can be worked out on a co-operative basis, that it is not advisable to raise a loan as suggested by Mr. W.H. Hanumanthappa as the Scheme will be self-supporting one, if worked as suggested in the Note, and that this may be accepted and further action taken.

Mr. D. Venkataramanappa opposing the Scheme said that it was no good giving sites to the poor but suggested that the Municipality may build model houses and give them for lumpsum prices

Mr. K.M. Naganna supporting Mr D. Venkataramanappa said that the object of the Scheme is to provide houses to the poor houseless, that the Note took for granted that the persons were capable of putting up their buildings and that there were very many who could not build houses even though they were given sites cheap. He therefore suggested that the houses should be constructed by the Municipality and then disposed of at cost prices

The President summed up the discussion and said that it was not his idea not to provide underground drainage to the area, but, because such provision would raise the cost of the site which had to be borne by the purchasers, the underground drainage may be thought of later and the excess amount if any realised may be utilised for giving underground drainage. As re the other localities, he suggested that it may be started in the place now proposed as the land available there is comparatively cheaper and by the experience gained here suitable localities in other divisions may be selected for the same purpose.

Then the suggestion of Mr. S.K. Venkataranga Iyengar was put to vote and carried, all except one voting For.

Proceedings of the Meeting of Council, dated 11-3-1939.

Subject No. 6 -

(Deferred Subject No. Addl. 15 of 4-2-39)

Council Resolution dated 4-2-1939 deferring the consideration of the question of acquisition of properties between Malleswaram Temple Road and Palace Guttahalli at a cost of Rs.1,04,650/-

---

Mr. W.H. Hanumanthappa observed that the proposal is not so very helpful to the poor as most of them would not be in a position to put up buildings after the sites are given and so would naturally think of alienating their sites, and so said, that if the Council wanted to do any good at all, it was better that some model houses are constructed and given to the poor on hire-purchase system He also pointed out that the Government are agreeable to give a loan of 5 lakhs and the cost of acquisition and construction of houses may be charged to this loan amount.

The President explained that because there is no money in the Municipality and because this scheme is self-supporting, the proposals have been placed before the House for sanction.

Mr. B.L. Byanna supporting the Scheme said that the suggestion of Mr.W.H. Hanumanthappa is not practicable in view of the present finances of the Municipality, and suggested that within a specified time after deposits are received from the public, the acquisition should be completed and sites given over to the depositors for putting up buildings.

Mr. K.M. Naganna supporting the Scheme said that when once the building come up in that area, the Municipality could not legally refuse to give that extension the same amenities that are being enjoyed by other extensions, and so proposed that 'the cost of the underground drainage and tarring be also included in the cost price '

Mr. W.H Hanumanthappa seconded the above proposition

(Contd)

Mr. P. Subbarama Setty observed that it is no good simply giving sites to the poor, as they will not be in a position to put up model houses, with the result they will go to the capitalists and sell their sites He proposed that for the present some 250 model houses may be built by the Municipality and given over to the poor on hire purchase system and this may be done with the loan promised by the Government.

The President observed that the proposition before the House was the acquisition of certain areas for converting into building sites to be disposed of to the poor and that the proposition of Messrs. W.H. Hanumanthappa and P. Subbarama Setty were new in as much as they relate to the construction of houses by the Municipality which is not included in the original proposition and so, the propositions are ruled out

Mr. P.M. Ramasarma opposed the amendment of Mr. K M.Naganna

Mr. M.R Narasimha Iyengar supporting the Scheme said that it was no doubt good to construct houses and dispose of to the poor, but in view of the present finances of the Municipality, it would be impossible to take up that Scheme now, and suggested that House Building and other Co-operative Institutions can take up this question and decide So he said that the present Scheme may be passed and the question of disposal considered later on.

Mr Mirza Azeezulla Beig suggested that the measurement of some sites was beyond the reach of the poor to put up decent buildings and suggested that this will have to be considered while disposing of sites.

At this stage, Mr.W H. Hanumanthappa wanted to speak on the amendment of Mr. K.M. Naganna, but Mr. K. Gubbaiah asked for closure and Mr. M.R Narasimha Iyengar seconded it

The motion for closure was put to vote and carried, 6 voting for and 2 against.

Then the amendment of Mr. K.M.Naganna was put to vote and lost, 4 voting for and 5 against.

Mr. K M. Naganna demanded poll and Mr.B.L. Byanna seconded The following voted for -

Messrs. 1 K.M. Naganna 2) W.H Hanumanthappa 3) P. Subbarama Setty 4) D. Venkataramanappa.

(Contd.)

The following voted against -

Messrs. 1) M.R. Narasimha Iyengar 2) Chikkayellappa 3)B.L. Byanna 4) P.M. Ramasarma 5) K. Gubbiah 6) I.K. Purushothama Naidu.

The result of poll was 4 for and 6 against

Then the original proposition was put to vote and passed 7 voting for and 2 against.

Sir,

With reference to your letter No.L. 4915/Ml. 139-39-6 dated 23-11-1939 regarding the acquisition of 98.7 acres of land in - Jakkasandra, Ranganathapur and Vyalikaval villages for the formation of an extension for housing the poor people etc., I have the - honour to state that notices, calling for deposits of the site value at Rs. 1-4-0 per Sq. Yard, have been issued to the public already and deposits are being received in the Municipal Treasury. After a sufficient amount is realised by deposits, the cost of acquisition will be met out of it and the possession of the notified lands will be taken according to the demand of the sites from the Public Besides, certain portions of the notified lands will not be taken possession of unless the deposits are forthcoming from the Public.

As regards the necessity of the acquisition of lands under section 17 of the Land Acquisition Act, it is felt necessary that the depositors have to be given sites without delay. Acquisition proceedings in the usual course may cover a period of three to six months and the public cannot be made to wait for any length of time. If the sites are granted to the poor people immediately it is anticipated there will be a great demand for sites from the public.

As and when the deposits are received and when there is keen demand for sites for the public, the new scheme will be worked out piecemeal according to the approved layout of the entire area. 14 Applications, with a deposit of Rs. 187-8-0 in each case, have been received so far.

I have the honour to be,

Sir,

Yours most obedient servant,

Municipal Commissioner.

SIR,

Subject - Laying out of sites near the Swimming Pond at Mallesvaram.

With reference to your letter No.L.9050/Ll.139-39-7 dated 23rd April 1940 calling for information about the number of applications received with deposits for sites along with a sketch showing the area required to meet - the present needs and the opinion of the Council in the matter of taking up the scheme immediately, etc., I have the honour to state that the matter was placed before the Municipal Council and they at their meeting held on 4th May 1940 resolved to intimate the extent of land required for meeting the needs of the applicants. sketch showing the land required will be sent early. 236 applications have been received, of which 228 applications were received within the time fixed for receipt of applications and eight applicants have applied for the sites and deposited the amounts after the due date and they have been accepted at their risk. A sum of Rs.43,975/- in all has been received as deposits. The President, Sri Kodandarama - Co-operative Society Ltd., Malleswaram has been asking for

reservation.

reservation of one hundred sites in the above place for the benefit of the members of the Society who are all poor and a promise has been made to reserve one hundred sites. The Society has been reminded for depositing the amount. As the major portion of the layout here will be wanted for disposal as above, there is no need for the Government to take it up, as a Government scheme.

A copy of the resolution of the Municipal Council in the matter is enclosed for kind perusal.

I have the honour to be,
Sir,
Your most obedient servant,

MUNICIPAL COMMISSIONER.

Forwarded with compliments.
